

## Publisher's Note: Electronic Manuscripts

The Publishers of *FEBS Letters* are now able to accept electronic manuscripts.

Any author wishing to submit such a manuscript should provide a floppy disk or diskette *together* with the 'hard copies' of the manuscript.

Authors are particularly requested to read paragraph 2.11 of the 'Notes to Authors' which have recently been amended to reflect this extra service.

Our aim is to achieve processing of these electronic manuscripts faster than the normal 'hard copy' manuscripts.
